With age, wisdom & power

Annual Dues are \$20.00 per member, \$35.00 for a couple. Each person receiving a Municipal Pension is a separate registration. The MPRA annual year is January to December. Dues are not prorated. To send out annual bills reduces the funds for the operation of the MPRA.

A new member sends a cheque for the first year. In the following years, a member receiving a Municipal Pension agrees to dues deduction. A person receiving a public sector pension joins as an Associate Member. Associate Members can only pay by cheque or money order.

All members receive a membership card.

Provincial Executive and District Executive members are volunteers on behalf of all retirees of the Municipal Pension Plan.

Provincial Executive members act as advocates, and make presentations at meetings on behalf of retirees'.

The MPRA does not have access to the names or addresses of retirees. Retirees must contact the MPRA. Our ideas and views on pension topics are strengthened by the number of registered members in the MPRA.

Your voice united with all retirees of the MPRA becomes stronger and louder on our issues. It is good to be a member.

Municipal Pension Retirees Association

Who are we? We are retirees who receive a pension from the Municipal Pension Plan.

Who can join? If you receive a Municipal Pension then you can join. There are currently 60,000 retirees who receive a pension. We are looking for you to join. Your spouse/partner is also welcome as an associate member. If you are retired from any other Canadian public sector pension plan, you can join as an associate member.

Why should you join? Changes occur in the world economy which can affect decisions on your net pension payment. Yes your basic pension payment is guaranteed but the decisions on Group Health Benefits and Inflation are changing and being made for you.

What do we do? Most recently the MPRA was recognized by the Provincial Government for our part in the successful agreement on reducing costs on generic drug pricing. Our interests are the same interests that you face on a daily basis.

Where are we? The MPRA has 32 established Districts throughout the province and 1 District known as Out of Province with members (retirees) residing in other provinces and various addresses throughout the world.

When can you join? Right Now!
